

Welcome one and all to the brand new Tigerlily cocktail list, where it's not just about the 'what' but also the 'how' and indeed the 'well I never did'. Over the last few months we've been busy plotting and concocting behind closed doors, dreaming up our very own infusions, tracking down the finest of botanicals and – dare we say it – having a rum old time in the process, pun intended.

The result is this, a veritable cornucopia of brave new flavours and dear old favourites, extravagant mixes and no-nonsense fixes. As ever, if it isn't on the the list, it probably isn't worth trying, but feel free to pop the question nonetheless as our expert movers and shakers behind the bar will be only too happy to oblige.
